To the shareholders (the “**Shareholders**”) of PXP Vietnam Fund Limited (the “**Company**”)

29 April 2013

Dear Shareholder

NOTICE OF ANNUAL GENERAL MEETING

Introduction

I have the pleasure of enclosing the notice of the ninth Annual General Meeting (the “**AGM**”) of the Company to be held at the offices of Charles Adams Ritchie & Duckworth, Zephyr House, 122 Mary Street, George Town, Grand Cayman on 31 May 2013 at 8.00 a.m. (Cayman Islands time).

If you would like to vote on the resolutions but cannot attend the AGM, you can appoint a proxy to exercise all or any of your rights to attend, vote and speak at the AGM by using one of the methods set out in the notes to the notice of AGM. Appointing a proxy will not prevent you from attending and voting in person at the AGM. A form of proxy is appended to this Notice.

Ordinary Business

The ordinary business to be conducted at the AGM will be the consideration of:

1. the annual report and financial statements;
2. the reappointment of each of Philip Smiley, Christopher Vale, Antony Jordan and Urs Bolzern as a Director of the Company following their respective retirements in accordance with the provisions of the Articles of Association of the Company;
3. the appointment of PricewaterhouseCoopers (Vietnam) Limited as the auditor of the Company in place of PricewaterhouseCoopers LLP, Singapore; and
4. the grant of authority to the Directors to fix the remuneration of the auditor.

Annual Report and Financial Statements

Copies of the Company’s annual report and financial statements for the year ended 30 September 2012 were sent to all Shareholders on 4 January 2013. A copy can also be viewed on the section relating to the Company on the website of the Investment Manager at www.pxpam.com.

Re-election of Directors

Each of Philip Smiley, Christopher Vale, Antony Jordan and Urs Bolzern are retiring at this AGM in accordance with the provisions of the Articles of Association of the Company, and being eligible, offer themselves for re-election. A formal performance evaluation of each Director was performed by the Board of Directors (the “**Board**”) in September 2012, with the Chairman leading the process. The Chairman confirms that the performance of each Director has been effective and they each continue to demonstrate commitment to the role. The other four Directors are similarly satisfied with the performance and commitment of the Chairman.

The Board recommends the re-election of the four Directors so standing in this AGM. Appendix 2 to the Notice of AGM includes summary biographies of the four Directors.

The Director, Do Thu Ngan, has tendered her resignation as a director of the Company with effect from 25 July 2013 or earlier if a replacement is appointed. Accordingly, as Ms. Ngan is not required under the Company's Articles of Association to resign and offer herself for re-election, she will not resign at this year's AGM and offer herself for re-election as the continuing directors are doing. The Nomination Committee is in the process of reviewing candidates for the appointment of a new director to replace Ms. Ngan.

Appointment of auditor

For the financial years ended 30 September 2010, 2011 and 2012 the audit of the Company's financial statements was performed jointly by PricewaterhouseCoopers LLP, Singapore, and PricewaterhouseCoopers (Vietnam) Limited ("**PwC Vietnam**") with the Singapore firm signing the audit opinion. In April 2013, PwC Vietnam registered with the UK Financial Reporting Council in accordance with the UK implementation of Article 45 of the EU Statutory Audit Directive, and hence PwC Vietnam is now eligible to sign audit opinions on the financial statements of companies that have shares listed on the Official List and admitted to trading on the London Stock Exchange's main market for listed securities. The Board recommends the appointment of PwC Vietnam as auditor for the year ended 30 September 2013.

Dividends

The Board has decided not to declare a dividend in respect of the financial year ended 30 September 2012.

Special Business

At the Annual General Meeting held on 31 May 2012 (the "**2012 AGM**"), Shareholders gave authority to the Board to issue up to 20 million "C" Shares with a par value of US\$0.05 each ("**C** Shares") within one year of the 2012 AGM (the "**Offer**"). In the view of the Board, market conditions have not been suitable to launch the Offer at any time since the 2012 AGM. Specifically the Shares of the Company have traded at a discount to Net Asset Value of over 10% throughout this period.

The special business to be conducted at this year's AGM will be the consideration of the proposal by the Board for Shareholders to renew the authority to issue up to 20 million "C" Shares on the same terms and conditions as approved at the 2012 AGM for a further one year from the date of this year's AGM.

For more details of the "C" Shares and the terms and conditions of the proposed Offer, see Appendix 1 to the Notice of AGM.

The Board believes that the Vietnam stock market continues to represent a compelling investment opportunity. A shift in the focus of monetary policy since the most recent currency devaluation in February 2011 from "growth above everything" toward promoting financial stability has resulted in dramatic improvements in the macroeconomic environment, including a sharp fall in the rate of inflation and the rebuilding of confidence in the currency. The Vietnam stock market has rallied sharply from lows in November 2012 but valuations remain at the low end of the historic trading range. The Board considers that the market retains upside potential as participation increases from both domestic and foreign investors and reforms targeting improvements in both access and supply are discussed and hopefully implemented in the medium term.

As the Vietnam stock market develops, the Board feels that an opportunity has arisen for the expansion of the size of the Company to take advantage of economies of scale and to provide investors (both existing Shareholders and new subscribers) with the opportunity to increase their investment exposure to Vietnam. An increase in the issued share capital of the Company should also bring attendant benefits to the liquidity and marketability of the shares of the Company on the main market of the London Stock Exchange.

The Board is optimistic that market conditions will become favourable to launch the Offer within one year from the date of this year's AGM should the resolution to renew the authority for the Offer be passed.

Voting by Proxy and through Depositories

Registered Shareholders are requested to complete and return the enclosed Proxy Form for the AGM in accordance with the instructions printed thereon as soon as possible by mail or in person so as to be received by:

Persons who hold shares through Euroclear or Clearstream Banking, Luxembourg ("**Clearstream**") should request Euroclear or Clearstream to vote on their behalf in advance of the AGM or arrange for a Letter of Corporate Representation to be issued if attendance and voting in person at the AGM is preferred.

Recommendation

The Board considers that approval of the ordinary business and special business is in the best interests of the Company and its shareholders as a whole and recommends that you vote in favour of these resolutions to be proposed at the AGM.

Except where required to abstain by law or the provisions of the Articles, I intend to vote in favour of each of the resolutions in respect of my family's beneficial holding of 41,000 Ordinary Shares; and Mr. Bolzern intends to vote in favour of each of the resolutions in respect of his own beneficial holding of 80,000 Ordinary Shares. For the avoidance of doubt, the Ordinary Shares that are beneficially owned by Directors or their immediate family will not be voted on resolutions that concern the re-appointment of such Director. None of the other Directors in office at the date of the AGM hold Ordinary Shares in the Company.

Yours faithfully,

Philip Smiley
Chairman

APPENDIX 1

THE PROPOSED “C” SHARES OFFER

Authorised share capital

The total authorised share capital of the Company is currently 50 million shares with a nominal or par value of US\$0.05 each. Of the 50 million shares currently authorised, 20 million shares have been designated as “C” Shares pursuant to a resolution passed at the 2012 AGM with rights to be set out in the prospectus for the Offer (the “**Offer Prospectus**”) and as summarised below.

Proposed offer of “C” Shares

It is the intention of the Directors that the Company will offer to subscribers a maximum of 20 million “C” Shares (the “**Offer**”) at a price equivalent to the Net Asset Value of the Company’s issued shares (the “**Ordinary Shares**”) as at the month-end valuation date immediately preceding the date of the Offer (the “**Offer Price**”). Based on the Company’s Net Asset Value as at 28 March 2013 of US\$5.239 per Ordinary Share, the Offer would raise up to US\$104.78 million for the Company (before the expenses of the Offer). There can, however, be no guarantee that the Offer will proceed on this basis, or at all.

Holders of Ordinary Shares who are not resident in jurisdictions which would require the Offer to be subject to local regulatory approval or securities restrictions deemed by the Board to be punitive to the Company in the context of the Offer as a whole will be entitled to subscribe for up to 12 million “C” Shares at the Offer Price on the basis of one “C” Share for each Ordinary Share held on the record date for the Offer (the “**Initial Allocation**”).

Any “C” Shares not subscribed for by existing holders of Ordinary Shares in the Initial Allocation, together with an additional 8 million “C” Shares, will be available for subscription by new investors at the Offer Price.

The costs and expenses incurred by the Company in connection with the Offer will be attributed to and paid out of the proceeds of the Offer.

Application will be made to the UKLA and to the London Stock Exchange for the “C” Shares and all the Ordinary Shares into which they will convert to be admitted to the Official List of the UKLA and to trading on the London Stock Exchange’s main market for listed securities on the same basis as the Ordinary Shares currently in issue.

After the conversion of the “C” Shares into Ordinary Shares, the Ordinary Shares arising from such conversion will rank *pari passu* with the existing Ordinary Shares then in issue.

Reasons for the “C” Shares

The rationale for the offer of “C” Shares as a class separate from the existing Ordinary Shares is to raise additional capital for investment by the Company in Vietnamese equities in a manner that reduces the risk of dilution to the existing holders of Ordinary Shares and that ensures that the costs of raising and investing that additional capital are not borne by the existing holders of Ordinary Shares. This is intended to be done by ensuring that the assets represented by the net cash proceeds of the Offer, or investments made out of such proceeds, will be accounted for as a distinct pool of assets within the Company, separate from the existing assets of the Company which are attributable to the existing Ordinary Shares, until the date that the “C” Shares are converted into Ordinary Shares. Expenses and liabilities attributable to the “C” Shares and the existing Ordinary Shares will also be kept separate, or, if attributable to both, will be allocated pro-rata in accordance with the Net Asset Value of each class of shares, subject to the ultimate discretion of the Directors as to what is reasonable and in the best interests of the Company and its shareholders as a whole. The effect of this will be that, for internal purposes, until conversion of the “C” Shares, the Company’s existing investment portfolio and its performance will not be affected by the introduction of the additional capital realised from the proceeds of the Offer (or by any costs or liabilities attributable thereto) and conversely, the “C” Shares will have a specifically attributable Net Asset Value based solely on the investment performance of the net additional invested capital raised by the issue of the “C” Shares.

It should be noted that as a matter of law, creditors of the Company will be entitled to claim against the Company as a whole, notwithstanding the internal segregation of assets relating to the Ordinary Shares and the “C” Shares.

Conversion

The “C” Shares are expected to be automatically converted into Ordinary Shares (the “**Conversion**”) on a date within 28 business days of the date on which the Directors determine that at least 80% of the assets attributable to the “C” Shares have been invested in Vietnamese equities in accordance with the Company’s investment policies in respect of the “C” Shares (the “**Conversion Date**”).

The mechanism for the Conversion is expected to ensure that, so far as practicable, the Net Asset Values per share attributable to each of the Ordinary Shares and the “C” Shares are unaffected by the Conversion and the merging of their two separate portfolios. The ratio for the Conversion will be the Net Asset Value of each “C” Share divided by the Net Asset Value of each Ordinary Share on the Conversion Date (the “**Conversion Ratio**”). The Net Asset Value of each Ordinary Share and each “C” Share will be determined on the same basis in accordance with the Company’s Articles of Association. Holders of “C” Shares will receive the number of new Ordinary Shares that result from multiplying the number of “C” Shares held by them by the Conversion Ratio. Upon Conversion, the number of new Ordinary Shares resulting from the conversion of the “C” Shares will reflect the pro rata underlying Net Asset Value of the assets attributable to the “C” Shares against the Net Asset Value of the Company as a whole.

Examples of the conversion process

The following examples are provided solely for the purpose of illustrating the Conversion process. They are not, and are not intended to be, a forecast of the number of new Ordinary Shares arising on conversion of the “C” Shares nor of the relative Net Asset Values per share and should not be taken as any guarantee that the additional terms and conditions attaching to the “C” Shares will be as set out in this Appendix 1 or will only comprise the terms and conditions as set out in this Appendix 1.

<i>Examples:</i>	A	B	C
Holding of 100,000 “C” Shares			
NAV attributable to each “C” Share	\$4.00	\$5.00	\$6.00
NAV attributable to each Ordinary Share	\$5.00	\$5.00	\$5.00
Conversion Ratio calculated as:	4/5	5/5	6/5
Conversion Ratio	0.8	1	1.2
Number of new Ordinary Shares	80,000	100,000	120,000
Ordinary Shares for which nominal capital will be applied from reserves	Nil	Nil	20,000
“C” Shares deemed surrendered at par	20,000	Nil	Nil

Rights attaching to the “C” Shares

The creation of 20 million “C” Shares will not affect the rights and restrictions attached to the Ordinary Shares, except as will be set out in the Offer Prospectus, which is expected to include the following.

(a) “C” Share Voting Rights, Class Consents and Variation of Rights

- (i) At any general meeting of the Company, on a show of hands, every “C” Shareholder present in person or by proxy or by authorised representative shall have one vote and, on a poll, every “C” Shareholder present in person or by proxy or by authorised representative shall have one vote for every “C” Share of which he is the registered holder.
- (ii) Until Conversion, the consent of the holders of the “C” Shares voting as a separate class and of the holders of the Ordinary Shares voting as a separate class shall be required to effect any variation or abrogation of their respective class rights. In accordance with the provisions of Article 14 of the Company’s Articles of Association, the level of consent so required is the consent in writing of the holders of not less than three-fourths in nominal value of the issued shares of that class or the passing of a Special Resolution at a separate general meeting of the holders of the issued shares of that class.

(b) Segregation of Assets

Until Conversion the Company shall (1) procure that the Company's records and bank accounts shall be operated so that the assets attributable to the "C" Shares can, at all times, be separately identified and in particular the Company shall procure that separate cash accounts, broker settlement sub-accounts and investment ledger sub-accounts shall be created and maintained in the books of the Company for the assets and liabilities attributable to the "C" Shares; (2) allocate to the "C" Shares those expenses and liabilities incurred or accrued between the issue date and the date of calculation of the Conversion Ratio that are specific to the "C" Shares or the assets attributable to the "C" Shares, and a proportion of the other expenses and liabilities of the Company incurred or accrued between the issue date and the date of calculation of the Conversion Ratio (other than expenses and liabilities of the Company that are specific to another class of shares or which relate specifically to assets attributable to another class of shares) that proportion to be based upon the relative values of the Net Asset Value attributable to the portfolio of the "C" Shares and the Net Asset Value attributable to the portfolio of the Ordinary Shares, such allocation to be subject to the ultimate discretion of the Directors as to what is reasonable. It should be noted that as a matter of law, creditors of the Company will be entitled to claim against the Company as a whole, notwithstanding the internal segregation of assets relating to the Ordinary Shares and the "C" Shares.

(c) Capital

In order for the holders of the "C" Shares to participate in the winding-up of the Company, the "C" Shares which are in existence at the date of the winding-up of the Company will for all purposes be deemed to have been automatically converted into Ordinary Shares immediately prior to the winding-up, on the same basis as if Conversion had occurred.

(d) Dividends

To date, the Company has not paid any dividends or made any other distributions to Shareholders and the Directors' current intention is not to make such dividends or other distributions to the holders of Ordinary Shares or "C" Shares.
